Gwiza Robert SHEMA

Software Engineer

About Me

I am a passionate and dedicated Software Engineer with strong programming knowledge in JavaScript, PL/SQL, Java, Python, C, C#, and Dart. I am familiar with the Flutter UI framework for multi-platform development, and experienced in building and managing web applications using PHP, MySQL, JavaScript, HTML, CSS, and WordPress. With Software Quality Assurance and Software Project Management skills. I am skilled in Git version control for collaborative development and code management and GitHub. I have a solid foundation in computer networking, including IP addressing, subnetting, Software Security and routing. I am highly motivated, willing to learn what I do not yet know and to master what I already know, with a strong commitment to building reliable, scalable, and maintainable software solutions.

Education

January 2024 -
Present
